¹ The Adoption Incentives program began in FY 1998 as part of the Adoption and Safe Families Act of 1997 (ASFA), and has since been reauthorized several times, most recently as part of the Preventing Sex Trafficking and Strengthening Families Act, signed into law in September 2014. With each authorization of the program, there have been changes in award calculation procedures and payment amounts. For more information about the program, see [Program Instruction 99-04](#), [Program Instruction 04-03](#), [Information Memorandum 09-03](#), and [Program Instruction 15-08](#).

² The "earning year" is the fiscal year for which the data were based. Adoption Incentive funds are generally awarded in the fiscal year following the earning year.

³ For earning year 2014, the amount of funds earned by States exceeded the amount of funds that were available. Therefore, the award amounts represented for 2014 reflect a prorated amount of approximately 38.5 percent of the total amount earned by States. Historically, when this has happened in the past, States were paid the balance of their earnings in the subsequent fiscal year. If States are paid the remaining balance for 2014 awards, this chart will be updated in the future to reflect the full amount.
